

Senior Investment Professional – Private/Public Special Situations

Our client is seeking to further bolster its credit investment team with a senior hire following an excellent year producing strong returns, significant increase in AUM, and the addition of leading

This is a key hire for the fund and the incoming individual will join a talented investment team that invests across the capital structured in public and private markets. They will be responsible for the:

- Analysis, execution and portfolio management of illiquid credit investments, particularly within private and/or distressed debt markets with a focus on both control and minority position investments
- Presenting of investment ideas to the investment committee
- Sourcing of pan-EMEA investments from a range of banks, advisors, law firms, corporates, insolvency practitioners, etc.
- Supporting the senior management team on fundraising and marketing initiatives, as well as training and mentoring junior members of the investment team

This is a key hire for our ambitious client. They are therefore seeking a senior Director or MD-level investment professional with a demonstrably strong track record in originating and producing double digit returns from illiquid and special situations investments - corporate credit, asset-back/structured private credit, litigation assets, etc.

The successful candidate will play crucial role in the ongoing growth of this international fund.
